Course Title: Learning Center 10

Course #: 1834-1835

Course Description: In Learning Center 10, students will learn study skills, time management, goal-setting, organization, note-taking, test preparation, and receive academic support through mini-lessons and one on one advising. In addition, students will be exposed to various compensatory strategies and learn to utilize these skills in classroom situations and test-taking environments. Executive functioning skills will be addressed in alignment with the curriculum in order to reap maximum benefit and applicability. Students will be monitored frequently for academic progress, organization of materials and time management.

NOTE: Students will receive an academic grade. Course may be repeated for credit.
